ENERGY POLICY

PURPOSE

The purpose of Prism Johnson Limited’s Energy Policy is to establish a framework for optimising energy consumption, reducing the overall energy footprint of the Company, and enhancing resource efficiency while supporting sustainable growth.

SCOPE

This policy applies to all plants, offices and employees of Prism Johnson Limited.

POLICY

The key objectives of this policy are:

- Endeavour to optimise energy consumption with an aim to reduce overall energy footprint of the Company and enhance resource efficiency.
- Strive to enhance energy performance by implementing effective energy management programs.
- Develop a framework to periodically set, monitor and review energy management objectives and targets.
- Ensure compliance with all legal and other requirements related to energy use and efficiency.
- Promote the use of renewable, green, and clean energy resources.
- Promote the adoption of electric vehicles / hybrid vehicles.
- Promote awareness on energy management among the employees, impart trainings and encourage them to work in a responsible manner.
- Communicate the energy commitment and performance of the Company to its employees, clients, customers and the public.

POLICY REVISION

The Company will continue to review and update the Energy Policy to ensure that it remains effective.

POLICY ENDORSEMENT

The Executive Committee is the highest body responsible for reviewing and overseeing the implementation of the policy.
